

Should commercial tennis or pickleball lessons be allowed at the park?

810 responses

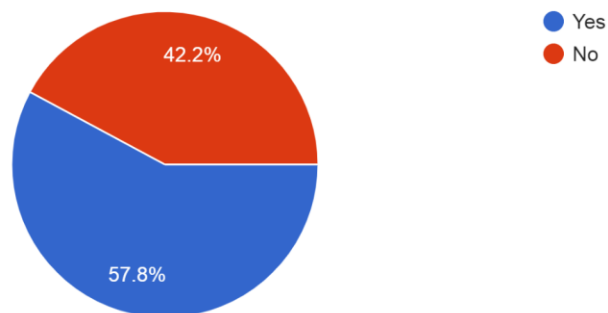

Would commercial tennis or pickleball lessons be consistent with the recreational use of parks?

807 responses

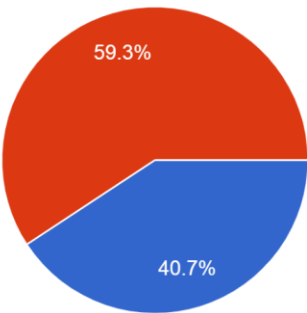

Will allowing the use of some park courts at some times for commercial lessons be consistent with the general public's desire to play tennis and pickleball?

809 responses

Will allowing the use of some park courts at some times for commercial lessons be an inconvenience to the general public?

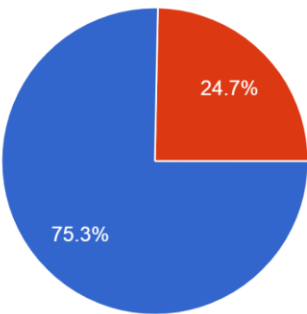

810 responses

- Yes, park courts should be for recreational play and not suitable for instruction
- No, so long as the days, times and locations of lessons are designed to give priority to recreational play by the majority of Oahu residents

If DPR does permit lessons, do you think there should be a fee to use the court?

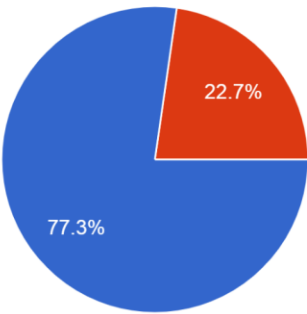

802 responses

- Yes
- No

If yes, should DPR follow a fee schedule similar to the current tennis court fees at Patsy T. Mink, Central Oahu Regional Park:

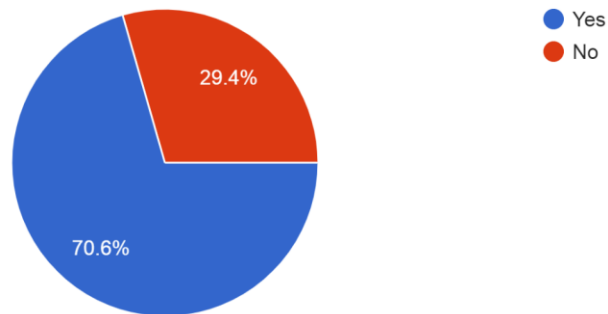

713 responses

- Yes
- No

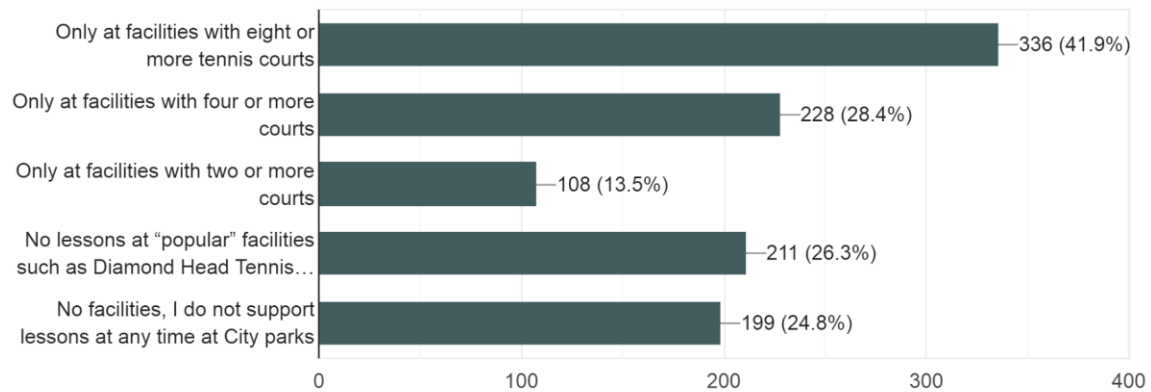

Should DPR charge a fee for the administrative cost for the permit?

780 responses

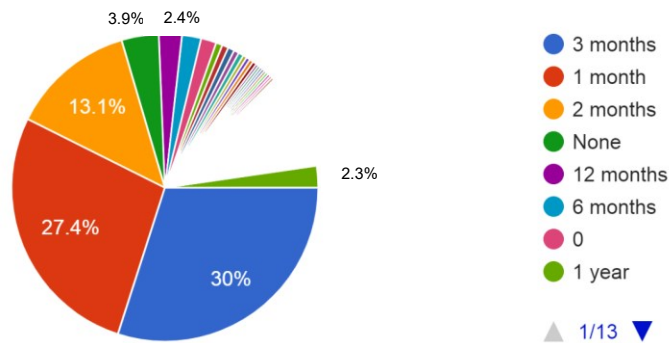

If DPR does permit lessons, how many times per week should DPR permit for commercial tennis and pickleball lessons?

803 responses

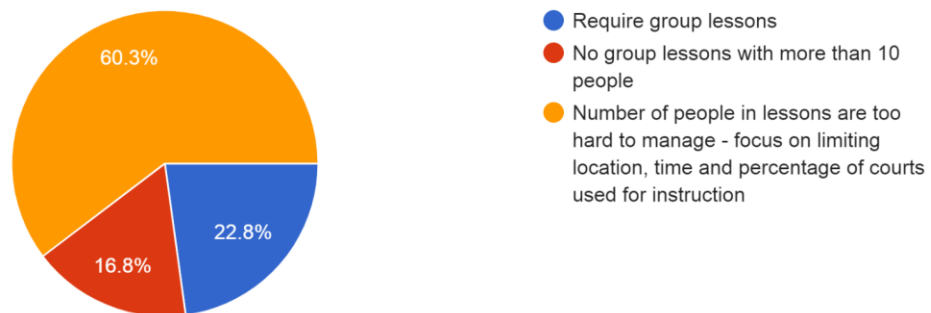

If DPR does permit lessons, how many months should the duration of the permit be issued?

741 responses

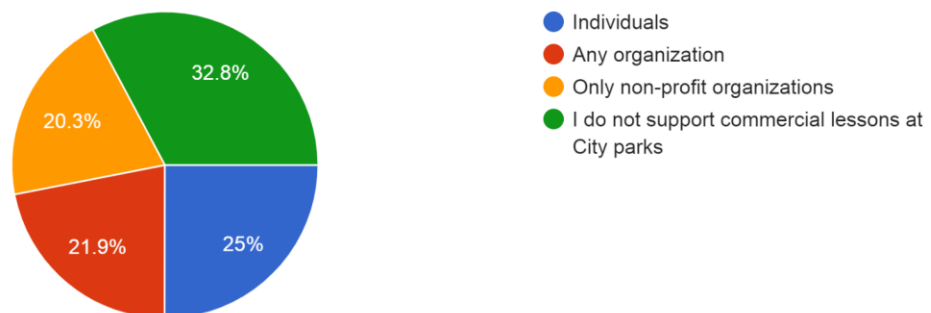

If DPR does permit lessons, should there be a requirement on the number of students in the lesson issued for lessons?

749 responses

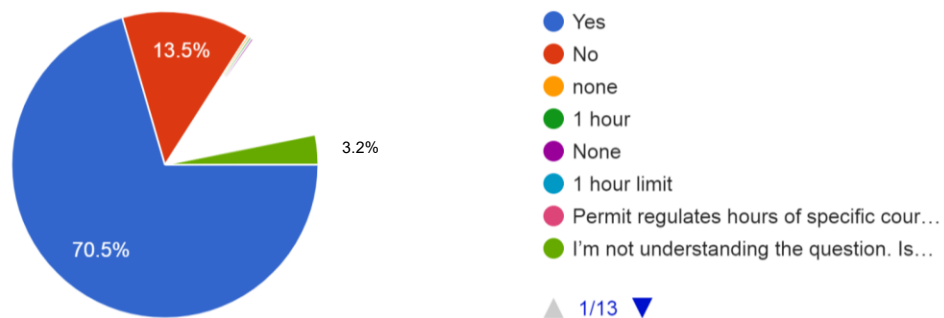

If DPR does permits lessons, who should be allowed to take out a permit?

799 responses

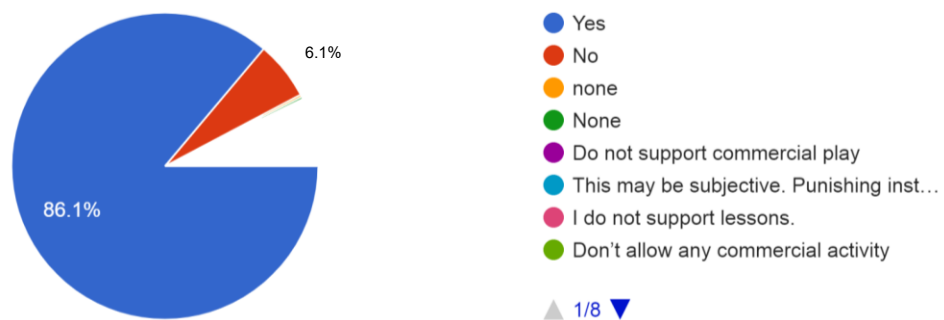

Should rules regulating use of City courts for commercial tennis or pickleball lessons adopt a 45-minute time limit for all players on the court? For example, there are 2-4 people playing on court. If another group shows up, and there are no empty courts, the 2-4 may continue playing for 45 minutes. Then all 2-4 players must leave court and let the next group on. Purpose: Prevent “rogue” instructor from staying on court multiple hours, while giving lessons to a series of “nieces” and “nephews.”

790 responses

Should permits for commercial lessons provide that in the event permittee violates any park rules or permit conditions, the permit may be revoked and/or the permittee may be denied future permits? Purpose: Increase compliance with rules/permit conditions limiting where and when lessons may occur.
